FEED INNOVATION AWARD 2027

**£250
PRIZE**

The award seeks to acknowledge individuals engaged in ground breaking research that benefits the animal feed industry. Evaluators will seek studies that promise to create a meaningful and beneficial influence on the sector. Research that can be applied to positive outcomes within the feed industry and agricultural sector.

Applications are made via the BISAS annual conference abstract submissions platform please tick the appropriate box, when submitting your summary, to be included for the Feed Innovation Award
